GRIN Verlag. Paperback. Book Condition: New. Paperback. 28 pages. Dimensions: 8.5in. x 5.5in. x 0.1in. Seminar paper from the year 2009 in the subject English Language and Literature Studies - Culture and Applied Geography, grade: 1, 3, University of Heidelberg (Anglistisches Seminar), language: English, abstract: Traditionally, hip-hop culture has been very skeptical of American government. Since groups like Boogie Down Productions and Public Enemy introduced political rap music during the late Eighties, a certain branch of this sub culture took over the mission they inherited from their predecessors, namely artists like Gil Scott Heron and groups like the Last Poets. Those rap musicians consider their task as artists to give expression to their function as part of the national conscience. Many different conceptions and notions have come into existence around the person Obama and his political career - before and after the Inauguration. His views on critical issues, his aims as a president, his whole philosophy have found a broad response across any social and intellectual boundaries. Especially in mass media, the presence of Obama is enormous and has contributed a lot to his pop-star-like-status. A comparison...
