Are you worried there might be inappropriate sexual images, videos, or music on your family computer? Do You Want to Find Out Most parents are not aware that in one study 42 of Internet users aged 10-17 were exposed to online pornography over a one-year period. A national child advocacy group documented 27 of reported incidents of online solicitation involved asking kids for sexual photographs of themselves. A particularly frightening number is that 1 in 25 of online solicitors attempted to make contact with the child offline, either in person or via phone. The Nosy Moms Guide: Preventing, Detecting, and Removing Pornography from Your Computer gives parents the tools they need to keep their kids safe from pornography and online sexual predators. These tools and resources are **FREE** and do not require the installation of expensive monitoring software or easily bypassed firewalls and filters. **READER REVIEWS** Its sad that we live in times where parents need to know about this stuff but they do. If I can do...
