By Celeste Cornish

Createspace, United States, 2011. Paperback. Book Condition: New. 226 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Sid Ivins knows exactly what he wants out of life. He wants to become an astronaut and work on the International Space Station. But before he can do that, he's willing to settle for surviving the fourth grade and taking first place in the school science fair. Sid attends Walter Mondale Elementary School in Bremerton, Washington, where chaos and adventure reign supreme. Sid's elementary school experience is stunted by Asperger's Syndrome, a high-functioning form of autism that affects his social skills. Adding to the drama, Sid is the favorite target of Julie Michaels, the school bully, and is silently crushing on Cyndi Madruga, the prettiest girl in school. If not for his best friend George Hall, Sid would be left to navigate the complicated social web of elementary school by himself. And he'd be in a lot less trouble.

Reviews

This publication may be really worth a go through, and a lot better than other. It really is written in simple terms and never difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
